PROFESSIONAL EXPERIENCE

MINDTICKLE | Senior Graphic Designer

Sep 2024 – Present | Pune, India

- **Creative Strategy & Direction:** Lead end-to-end creative direction, storyboarding, and custom animation pipelines for SaaS product marketing campaigns and brand launches.
- **Product Marketing & Feature Launches:** Design and produce engaging explainer videos and interactive product short reels, resulting in a 90% uplift in trial conversions and onboarding adoption.
- **AI Production Engineering:** Built and optimized generative AI workflows (Google Flow (Veo), Higgsfield, Midjourney), reducing high-fidelity video production.
- **Cross-Functional Sales Enablement:** Collaborated with Product, Marketing, UX, and Customer Success teams to deliver 400+ educational videos and assets, directly accelerating sales cycle velocities.
- **Award-Winning execution:** Honored as 'The Momentum Award' and received client-wide appreciation for the Cisco Customer Education projects and successfully scaled standard visual asset libraries across Brand units.

COGNIZANT | Visual Designer

Jul 2021 – Sep 2024 | Pune, India

- **Enterprise Visual Solutions:** Delivered high-fidelity motion graphics, digital layouts, and creative assets for global clients including Google and Nike, ensuring strict brand alignment.
- **Interactive Learning Systems:** Engineered immersive, motion-rich training curriculums and structured storyboards that boosted learner completion rates.
- **Design System Development:** Developed standardized style guides and reusable motion libraries, enhancing scaling efficiency.
- **SME & Partner Engagement:** Partnered closely with instructional designers, product leads, and subject matter experts (SMEs) to translate complex technical workflows into digestible digital media.

NEWGEN ENTERPRISE | Graphic Designer

Nov 2016 – Jul 2021 | Pune, India

- **Interactive Learning Design:** Collaborated with internal team to design and deploy 50+ rich interactive modules (Storyline) and motion assets, driving customer engagement across learning projects.
- **Motion Animation & Storyboarding:** Produced cinematic explainer animations, logo motion systems, and custom storyboards mapping business narratives to technical models.
- **Production Standardization:** Created reusable templates and motion pre-sets, accelerating development speeds and production.
- **Award-Winning Excellence:** Honored as 'Star Performer of the Year' for demonstrating design leadership and delivering highly rated interactive media assets.

Not accepting freelance, contract
opportunities currently.

LEADERSHIP EXPERIENCE

- **Team Direction & Mentorship:** Led and mentored a high-performing creative team of 7–8 graphic and motion designers, setting clear review standards and fostering talent growth.
- **Creative Review & QA:** Conducted regular design-reviews and agile stand-ups to guarantee high-fidelity visual delivery across enterprise channels.
- **AI Workflow Enablement:** Upskilled the creative team in generative AI platforms, enabling ultra-fast prototyping and decreasing revision cycle feedback.

BUSINESS IMPACT HIGHLIGHTS

- **10+ Years** of professional experience in high-impact brand strategy and motion design.
- **200+ Video Assets** delivered for leading enterprise product marketing pipelines and launch campaigns.
- **50+ Modules** of rich, interactive enterprise digital learning deployed for Nike, Google, and Cisco projects.
- **Team of 7–8 Designers** actively directed and upskilled in modern AI-integrated pipelines.

FEATURED PROJECTS & CASE STUDIES

- **Cisco Customer Education Solution:** Designed a motion-driven learning curriculum integrated with explainer animations to address complex training. Earned Client Appreciation.
- **Product Marketing SaaS Launch:** Created a visual campaign for key product launches at Mindtickle, resulting in an immediate 90% improvement in trial conversion rates.
- **AI Video Pipeline Optimization:** Re-engineered visual pipelines by combining traditional motion graphic processes with advanced AI tools.
